

**Lewis County Planning Commission Public Hearing 11/13/2012**  
**Draft Code Amendment - Chapter 16.02.040(8)**

**(ATTACHMENT A)**

Repeal LCC Chapter 16.02.040(8) in its entirety, and substitute the following:

(8) Boundary Line Adjustment: a division made for the purpose of alteration by adjusting boundary lines which does not create any additional lot, tract, parcel, site or division and does not create a resulting lot, tract, parcel, site or division containing insufficient area and dimension to meet minimum requirements for width and area of the zone. Boundary line adjustments are subject to the following:

(a) Application. A complete application shall include:

- (i) An adjusted legal description of the lots affected by the boundary line adjustment prepared and certified by a registered land surveyor or title company; and
- (ii) A scale drawing of the lots affected, including all existing structures, wells, septic systems including reserve area, easements, roads, and other important existing features which may be relevant in reviewing the proposed boundary line adjustment; and
- (iii) A notarized declaration that all parties involved consent to the proposed adjustment.

(b) Criteria for Approval. The proposed boundary line adjustment meets the following criteria:

- (i) Only parcels that are legal lots of record for building sites shall be allowed to complete the boundary line adjustment process;
- (ii) A boundary line adjustment shall not detrimentally affect access, be inconsistent with Lewis County development regulations, or adversely affect public health and safety;
- (iii) If within an approved subdivision, a boundary line adjustment shall not violate the conditions of subdivision approval; and
- (iv) The proposed boundary line adjustment shall not make any land use nonconforming or more nonconforming as defined by Lewis County Code.

(c) Review Process. Boundary line adjustment applications shall be reviewed by the Department of Community Development and/or other appropriate county departments, state or federal agencies for conformity with existing regulations and polices:

- (i) If a proposed boundary line adjustment has any structure(s), individual well(s), or septic system(s) the application shall be reviewed by Lewis County Public Health for compliance with health regulations. All costs for such review shall be paid in advance by the applicant.
- (ii) If a proposed boundary line adjustment has a potential effect on existing access or drainage systems, the application shall be reviewed by Lewis County Public Works for compliance with access and stormwater requirements. All costs for such review shall be paid in advance by the applicant.
- (iii) The Administrator shall within thirty days of receipt of a complete boundary line adjustment application, approve, deny or approve with conditions such application. The reason(s) for denial of an application shall be in writing.

(d) Recording of Approved Boundary Line Adjustments. Within thirty days of the final approval of a proposed boundary line adjustment, the legal description, scale drawing (map) and notarized declaration shall be recorded with the Lewis County Auditor by either the applicant or the

Community Development Department; all costs associated with such recording shall be paid in advance by the applicant.

(e) Boundary Line Adjustment Limitation. An approved boundary line adjustment is only Lewis County's consent to the necessary transfer of property that must be accomplished by the owner(s) to change the property boundaries of the lots affected.

(f) Disclaimer. Approval of a boundary line adjustment does not represent or warrant that any lot so altered by an approved boundary line adjustment is suitable for development. All boundary line adjustments filed with the Auditor shall contain the following on the recorded map:

"The lots affected by this boundary line adjustment have not been reviewed for permit purposes for future development and or construction by Lewis County Public Health, Public Works, Community Development or other State and Federal agencies, and may not be suitable for development."
